

AIRPORT BOARD

The Airport Board is responsible for:

- Assisting with basic airport planning
- Approving and recommending to City Council (when necessary) leasing of space and/or land area or improvements and concessions at the Municipal Airport
- Operating and maintaining the Municipal Airport within the limitation of funds provided in the Airport budget, prepared by the Airport Board and approved by the City Council
- Completing written applications for monetary assistance to the State Department of Transportation, the Federal Aviation Administration, or any other potential funding source, with City Council approval

Board members are appointed by the Mayor and serve a three (3) year term.
